Risk and compliance evolution

Investment versus
cost of compliance

Flexible and fit for
purpose
frameworks

Capability and
maturity

- Regulatory changes being additive rather than transformative
- Team mindset and focus
- Protection emphasis
- Status quo
- Prioritisation

Navigating complexity and competition

- Structured focus and prioritisation
- R&D
- Investment in tools
- Constant challenge and refresh
- Creating clarity from complexity

- Analysis paralysis
- Overuse of technical risk language
- Shiny new objects

Harnessing innovation safely

- Opportunity vs risk
- Strategic and risk fit
- Agile risk management
- Reading the tea leaves
- Communication
- Training
